

ANYTHING IS POSSIBLE

Adhesive | Waterproofing | Building Care

PREMIUM WOOD ADHESIVE

Why to Prefer **UNION™ Fix** Premium Wood Adhesive?

Superior Bonding Strength:

Our adhesive provides an exceptionally strong bond, ensuring that your wood projects are durable and long-lasting.

Heat-Resistant:

UNION Fix Premium Wood Adhesive is designed to withstand high temperatures, making it suitable for applications where heat resistance is required.

Water-Resistant and Chemical-Resistant:

UNION Fix Premium Wood Adhesive is not only formulated to withstand moisture but also resist most chemicals, making it ideal for both indoor and outdoor applications.

Fast Setting Time:

Our adhesive sets quickly, allowing you to complete your projects efficiently and without unnecessary delays.

Non-Corrosive and Non-Toxic:

Our adhesive is safe to use, as it is non-corrosive and non-toxic, ensuring the safety of your projects and the environment.

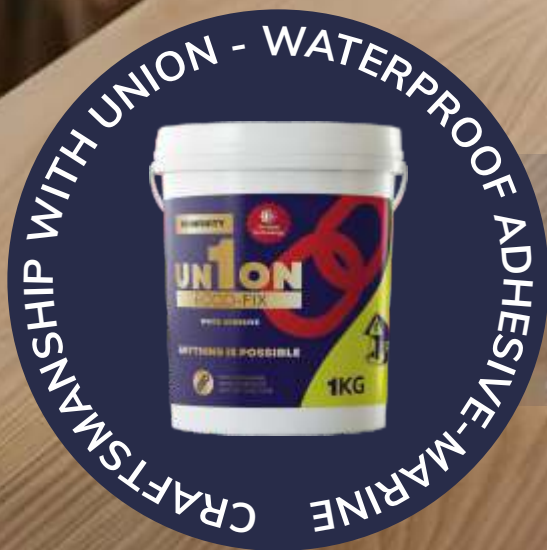

Easy Application:

The adhesive is easy to apply, allowing for a smooth and hassle-free experience.

Versatile Use:

UNION Fix Premium Wood Adhesive is capable of bonding with various materials including Wood, Laminate, Veneer, PVC sheet, ACP sheet, Marble, Granite, Composite Marble, MS (mild steel), Steel, Glass, and Aluminum.

WATERPROOF ADHESIVE-MARINE

Solvent free, Non-hazardous,
Non-flammable, No fire hazards.

Excellent bond strength offering better
moisture resistance.

If required, it can be diluted with clean
water till applicability is achieved.

Can be applied by brush, roller, spreader
or any suitable applicator.

Free from offensive smell.

Dries clear

Easy to clean up while wet.

Excellent film formation.

Very quick setting time. Handling
strength is achieved within 4 - 6 hrs
of application

Superior flow and spreadability and
hence it can give higher coverage.

Heat resistance in normal case

Features

Why to Prefer **UNION™ Fix** Premium Wood Adhesive?

Solvent free, Non-hazardous, Non-flammable, No fire hazards

Safe to use and store, with no harmful
chemicals or fire risks.

Excellent Film Formation

Creates a smooth, uniform layer that enhances
adhesion strength and durability.

Free from Offensive Smell

Safe and pleasant to use indoors, without
causing irritation or discomfort.

Easy to Clean Up While Wet

Can be quickly wiped off with water or a damp
cloth before drying, making application
hassle-free.

Heat Resistance in Normal Case

Maintains strong bonding even under everyday
heat conditions, ensuring durability.

Dries Clear

Leaves a neat, invisible finish that enhances the
natural look of wood without visible marks.

Versatile Use:

UNION ECCO-FIX Waterproof Adhesive-Marine is capable of bonding with various materials including
Bonding Laminate, Plywood, Veneer, Particle Board, MDF, Block Board, Hard Board to each other.

PREMIUM WATER PROOFING COATING

Bridges cracks
up to 2 mm

High tensile strength
makes it resistant to
tearing and cracking

Long term
resistance

UV degradation

Features

3 coat system

Can be applied
by brush or roller and
is easily overcoated

Non-toxic

Will accept
light foot traffic

Premium Water Proofing Coating

High tensile strength makes it resistant to tearing and cracking:

Engineered for tough conditions, it forms a robust protective layer. Withstands heavy wear and tear, ideal for high-stress surfaces.

Bridges cracks up to 2 mm:

Effectively seals and bridges hairline and structural cracks. Maintains waterproof integrity even with surface movement.

Long term resistance:

Provides extended protection against water damage over the years. Designed to perform in extreme conditions without deteriorating.

Permanently Flexible – Will Not Brittle:

Retains flexibility through all seasons, resisting cracks and splits. Adapts to surface movements, ensuring a secure, lasting bond.

UV degradation:

Shields surfaces from harmful UV and infrared rays. Prevents heat-induced damage and fading over time.

Fast Drying:

Dries quickly for faster project turnaround and less downtime. Reduces waiting time between application and usage.

Versatile Use:

Ready-to-apply formula with no mixing or mess, simplifying application and saving time. Convenient packaging makes it ideal for quick repairs and large projects alike.

SOMETHING AMAZING IS COMING

Building Care

Wood Coat

UN1ON aspires to be the most innovative and people-centric brand in the adhesive and building-care industry. Through dedicated research and development, we reimagine everyday products with enhanced functionality and fresh perspectives, adding new dimensions to their utility. We also celebrate the craftsmanship of those who create these solutions, enriching lives with beauty and innovation.

India is a country of new ideas and endless possibilities, and we are quite good at leveraging small ideas and making it more resourceful for our needs, UN1ON is a company of innovation where we dream, convert them into new ideas and make it a reality with the help of technology. **UN1ON** of new ideas where anything is possible!
